Sakrete® Expands Producer Network in Midwest and West

CHARLOTTE— Sakrete®, North America’s original dry cement mix brand, has expanded its licensing agreement with Materials Packaging Corporation, owned by Ash Grove Materials Corporation.

Sakrete products are produced by a network of manufacturing partners, or licensees, and are available in home centers, independent retailers and building material supply yards across the United States, Canada, Mexico and parts of the Caribbean.

“We are excited about the expanded partnership between Materials Packaging Corporation (MPC) and Sakrete. This strong association will provide a greater production and sales presence for the Sakrete brand in Kansas, Missouri, Arkansas, Tennessee, Mississippi, Utah and Idaho. MPC customers will now have access to the complete line of quality Sakrete products. MPC looks forward to continuing to work with Sakrete to expand and grow its presence in North America,” said Steve Boyland, president, Materials Packaging Corporation.

“Our expanded relationship with Materials Packaging Corporation brings will benefit customers in the Midwest and western U.S. by providing greater product availability,” said Johnsie Beck, president of Sakrete of North America. “We are pleased to expand our partnership with them.”

Sakrete was founded in 1936 as North America’s original dry cement mix brand. The Sakrete brand is owned and managed by Oldcastle APG/Bonsal American, Inc. Bonsal American is headquartered in Charlotte, N.C. For additional information about Sakrete, call 1-800-738-1621 or visit www.sakrete.com.
