SECTION 1: Identification

1.1. Identification
Product form: Article
Product name: Sakrete Concrete Expansion Joint
Product code: Not available

1.2. Recommended use and restrictions on use
Use of the substance/mixture: Expansion joint in concrete construction.

1.3. Supplier
Sakrete of North America
625 Griffith Rd., Ste 100
Charlotte, NC 28217
T 866-725-7383

1.4. Emergency telephone number
Emergency number: For Hazardous Materials [or Dangerous Goods] Incident
Spill, Leak, Fire, Exposure, or Accident
Call CHEMTREC Day or Night
1-800-424-9300 [USA] / +1 703-527-3887 [CAN]

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture
GHS-US classification
Manufactured Article: GHS classification and labelling not applicable. This product is exempt from classification and labelling as per C.F.R. 1910.1200(b)(6)(v).

2.2. GHS Label elements, including precautionary statements
GHS-US labeling
Not applicable

2.3. Other hazards which do not result in classification
Not applicable

2.4. Unknown acute toxicity (GHS US)
Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances
Not applicable

3.2. Mixtures

*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret

SECTION 4: First-aid measures

4.1. Description of first aid measures
First-aid measures after inhalation: Not a normal route of exposure. If symptoms develop, remove to fresh air. Get medical attention if condition worsens.
First-aid measures after skin contact: If skin irritation occurs: Wash skin with plenty of water. Obtain medical attention if irritation persists.
First-aid measures after eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
First-aid measures after ingestion: Not a normal route of exposure. If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.

4.2. Most important symptoms and effects (acute and delayed)
Symptoms/effects after inhalation: Not a normal route of exposure. Dust may cause respiratory tract irritation.
Symptoms/effects after skin contact: May cause skin irritation. Repeated exposure may cause skin dryness or cracking.

Symptoms/effects after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Symptoms/effects after ingestion: Not a normal route of exposure. May be harmful if swallowed. May cause gastrointestinal irritation, nausea, vomiting and diarrhea.

4.3. Immediate medical attention and special treatment, if necessary
Symptoms may be delayed. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

SECTION 5: Fire-fighting measures

5.1. Suitable (and unsuitable) extinguishing media
Unsuitable extinguishing media: None known.

5.2. Specific hazards arising from the chemical
Fire hazard: Products of combustion may include, and are not limited to: oxides of carbon.
Reactivity: No dangerous reactions known under normal conditions of use.

5.3. Special protective equipment and precautions for fire-fighters
Protection during firefighting: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures
General measures: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

6.1.1. For non-emergency personnel
No additional information available

6.1.2. For emergency responders
No additional information available

6.2. Environmental precautions
Prevent entry to sewers and public waters.

6.3. Methods and material for containment and cleaning up
For containment: Minimize generation of dust. Use appropriate personal protection equipment (PPE).
Methods for cleaning up: Pick up large pieces, then place in a suitable container.

6.4. Reference to other sections
For further information refer to section 8: "Exposure controls/personal protection"

SECTION 7: Handling and storage

7.1. Precautions for safe handling
Precautions for safe handling: Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not swallow. Handle and open container with care. When using do not eat, drink or smoke.
Hygiene measures: Wash contaminated clothing before reuse. Always wash hands after handling the product.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Keep out of the reach of children. Protect from physical damage.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>5 mg/m³ (fume)</td>
</tr>
</tbody>
</table>

8.2. Appropriate engineering controls
Appropriate engineering controls: Ensure good ventilation of the work station.
Environmental exposure controls: Avoid release to the environment.
8.3. Individual protection measures/Personal protective equipment

Hand protection:
Wear chemically resistant protective gloves.

Eye protection:
Safety glasses or goggles are recommended when using product.

Skin and body protection:
Wear suitable protective clothing

Respiratory protection:
Not normally needed. In case of insufficient ventilation, wear suitable respiratory equipment. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Other information:
Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.
10.4. **Conditions to avoid**

Heat.

10.5. **Incompatible materials**

None known.

10.6. **Hazardous decomposition products**

May include, and are not limited to: oxides of carbon.

**SECTION 11: Toxicological information**

11.1. **Information on toxicological effects**

Acute toxicity : Not applicable

<table>
<thead>
<tr>
<th>Material</th>

</tbody>
</table>

Skin corrosion/irritation : Not applicable

Serious eye damage/irritation : Not applicable

Respiratory or skin sensitization : Not applicable

Germ cell mutagenicity : Not applicable

Carcinogenicity : Not applicable

**Asphalt (8052-42-4)**

IARC group 2B - Possibly carcinogenic to humans

In OSHA Hazard Communication Carcinogen list : Yes

Reproductive toxicity : Not applicable

Specific target organ toxicity – single exposure : Not applicable

Specific target organ toxicity – repeated exposure : Not applicable

Aspiration hazard : Not applicable

Symptoms/effects after inhalation : Not a normal route of exposure. Dust may cause respiratory tract irritation.

Symptoms/effects after skin contact : May cause skin irritation. Repeated exposure may cause skin dryness or cracking.

Symptoms/effects after eye contact : May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Symptoms/effects after ingestion : Not a normal route of exposure. May be harmful if swallowed. May cause gastrointestinal irritation, nausea, vomiting and diarrhea.

Other information : Likely routes of exposure: ingestion, inhalation, skin and eye.

**SECTION 12: Ecological information**

12.1. **Toxicity**

Ecology - general : May cause long-term adverse effects in the aquatic environment.

12.2. **Persistence and degradability**

**Sakrete Concrete Expansion Joint**

Persistence and degradability : Not established.

12.3. **Bioaccumulative potential**

**Sakrete Concrete Expansion Joint**

Bioaccumulative potential : Not established.

**Asphalt (8052-42-4)**

BCF fish 1 : (no bioaccumulation expected)

Partition coefficient n-octanol/water : > 6

12.4. **Mobility in soil**

No additional information available
12.5. Other adverse effects

Effect on the global warming : No known effects from this product.

Other information : No other effects known.

SECTION 13: Disposal considerations

13.1. Disposal methods

Product/Packaging disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

Not regulated

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

15.2. International regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product contains a substance known to the state of California to cause cancer.

SECTION 16: Other information

Date of issue : 09/01/2017
Revision date : 09/01/2017
Other information : None.
